

Cornflower Shipping Ltd.

Cornflower Shipping Company Limited is a licensed and authorized bunker operator, specifically aimed at providing quality services and distinction for fuelling requirements of both "duty paid" and "duty free" fuels to pleasure boats and yachts in the Maltese Islands. Trained personnel ensure respect for the environment, safety and efficiency in our operations, and above all, total dedication towards the customer.

The Company operates the fuelling barge M.T. "SEAGULL 1", which is very conveniently located inside Marsamxetto Harbour in 5 meters draft water, just off the main yacht marina. This floating fuelling station is open on a 24 hour 7 days a week basis from the beginning of April up to early December and guarantees quality low-sulphur diesel and gasoline. The barge is equipped with 6 dispensing pumps which can deliver up to 120 liters per minute and all fuel products supplied are filtered using "Racor" filters plus a floating suction system to ensure the highest quality of trouble free fuels to our customers. Other services include discharging of any sludge/dirty water with a tank capacity of 6,000 litres. This is a one-stop-shop for pleasure boats wanting to fuel up and at the same time obtains other supplies, including ice, minerals, water and minor accessories, to ensure a memorable and enjoyable cruising experience. Other products which are also available on our floating fuelling station are: Shell Lubricants, Fosse Products & EcoTec Additives and Consumables.

Other Services

The Company also operates a fleet of dedicated road tankers, equipped with pumps and volume meters for convenient deliveries to the larger pleasure yachts and super yachts.

Current fuel Prices are:

Diesel Duty Paid:	Euro 1.38 (Inc. VAT)
Diesel Duty Free:	Euro 0.97 (Inc. VAT)
Petrol Duty Paid:	Euro 1.47 (Inc. VAT)

An onboard payment is possible and all major credit cards are accepted.

Servicing this industry over the past 16 years has established our Company as a reliable and dynamic operator, prepared to meet the highest demands and consistency in meeting the requirements of our customers.
